Student Personal Transportation Agreement

- All students who drive to and from school must have parental permission to do so.
- Students will provide accurate vehicle and insurance information to the school. If the vehicle and/or insurance information changes for any reason during the year, we must have the updated information immediately so that the form can be corrected to reflect the changes.
- All student automobiles must be parked in the designated area in their assigned spot. Students are *not* allowed to park in the parking areas directly in front of the school or in front of the fine arts building. Students may **ONLY** park in their assigned parking space and must display their parking permit at all times. If someone is parked in a student's assigned spot, the student will need to park in one of the unnumbered spaces in the stadium parking lot and report to the office immediately so that we may address the situation.
- Reckless and careless driving is not permitted on school property.
- Vehicles should remain locked at all times. The school district will not be held responsible for any theft or damage.
- If a student needs to leave school prior to regular dismissal time, Mrs. Camarce (210-357-2446) will need verbal permission from a parent/guardian on each occasion. Students will sign in/out in the front office.
- Students are not permitted to stay or return to their vehicles or loiter in cars at any time before/during/after the school day.
- Students may purchase additional parking passes (\$5.00 each) if they are driving multiple vehicles and don't want to switch the parking pass back and forth; however, we must have the required information on file for any vehicles they'll be driving on campus.
- Any infraction of school driving rules could result in suspension/revocation of driving privileges and/or additional disciplinary action.

I understand and agree to abide by the procedures outlined above.
